Self-propelled diesel articulating boom

- Working height : 17.65 m
- Max. outreach : 10.60 m
- S.W.L : 230 kg
- Diesel engine 45 HP
- Turret rotation : 350°
- 4 simultaneous movements
- 4 wheel drive
- 4 wheel steer
- Crab steer
180 ATJ

Working height .......................................17.65 m
Platform floor height ..........................15.65 m
Max. outreach ..................................10.60 m
Up and over clearance .........................7.15 m
Jib movement ..................................+70°/-70°
Basket rotation .................................+90°/-90°
Turret rotation .........................................350°

Capacity ...........................................230 kg
External use ......................................wind 45 km/h
Basket size ....................................1.80 x 0.80 m
Lifting time ...........................................40 s

Width ...........................................2.30 m
Length .............................................7.77 m
Length (Travel/transport) ....................5.77 m
Height ...........................................2.37 m
Height (Travel/transport) .....................2.53 m

Inside turning radius ..........................1.32 m
Outside turning radius .........................3.66 m
Outside turning radius with basket ......6.87 m
Ground clearance ...................................42.5 cm
Wheelbase .........................................2.20 m
Working speed (km/h) .........................0.8 km/h
Maximum travel speed (km/h) ............6.0 km/h

Diesel engine
PERKINS 404 C 22 .................................45 HP

Gradedability on rough terrain .............40%
Max. slope accepted ..........................5° or 9%

Hydraulic tank .....................................54 l.
Diesel tank ...........................................52 l.

Tyres ......................................................18"
4 wheel drive/4 wheel steer/crab steer

Weight .............................................8 090 kg

Standard equipment
- Proportional controls
- 4 simultaneous movements
- Foam filled tyres
- Differential lock
- Limited-slip front axle
- Diagnostic-calibrator
- Hourmeter
- Fuel gauge with low level indicator
- Horn
- Flashing beacon
- Audible and visual tilt and overload alarms
- Slope over ride
- Lifting eyes
- Electric emergency pump
- Prefitted for 230 V
- Dead man’s pedal
- Tool tray
- Protective cover (lockable)

Options
- Oscillating axle
- Continuous rotation
- Wide basket (2.10 m x 0.80 m) with 20" tyres
- On-board generator
- 230 V outlet with residual current device
- Prefitted for compressed air
- Prefitted for water
- Working headlight
- Special paint
- Biodegradable oil
- All movement alarm
- Beep on travel
- 20" tyres
- Catalytic purifier
