

WL32

Wheel Loader

Versatile and powerful tool carrier

The WL32 wheel loader is the ideal partner when it comes to handling a wide range of different work tasks. It is well suited to transport material, green area maintenance with a mulcher and mower and especially snow removal services. Because of its compact dimensions, particularly the narrow width of the machine, it can be used with snowplow on sidewalks. With up to 100 l/min hydraulic output, it can efficiently operate demanding attachments such as a snow blower.

Highlights

- High hydraulic performance
- High-quality powder coating
- 100 % connectible differential lock
- The wheel loader as an attachment carrier
- Rear hydraulic connections
